

MELBOURNE HOUSE

Amstrad CPC Schneider

MARBLE MADNESS™

Screens from Spectrum version

"What a brilliant game!

Not only can you build a megasuperb and straight up Marble Madness game of your very own but you can play it too!

The editor is a dream to use. You simply position items and press the fire button to place them. The possibilities are truly endless!

The definitive Marble Madness. It's tough, it's changeable, it's addictive and you'd better buy it or you'll never forgive yourself!"
